

GESPASA PSF 040 MANUAL DIESEL NOZZLE

The **Gespasa PSF 040 Manual Diesel Nozzle** is a durable and reliable fuel dispensing nozzle designed for efficient manual operation. Built with high-quality materials, it ensures long-lasting performance and resistance to wear. Its ergonomic design allows for easy handling and controlled fuel flow, making it ideal for transferring diesel in agricultural, industrial, and commercial applications. The nozzle provides smooth operation with minimal spillage, enhancing safety and convenience during use.
